**CERTIFIED ORGANIC**

RETAIL SIZE	500ml
ITEM NO	BI100
UPC	5204038423007
CASE	6 Bottles

**BIOLEA**

*Crete, Greece*

## SENSORY PROFILE

Rare Cretan oil, the best of Greece. This is a single-variety organic oil comprised of handpicked Koroneiki olives from one of the few family-owned estates in Crete. Stone-milled, cold pressed and unfiltered, the resulting oil is lighter than its Greek cousins. Best used as a finishing oil, Biolea presents a buttery taste with a hint of sweetness and just a touch of herbal peppiness at the end.

The processes of stone milling and cold pressing preserve the vitamins, nutrients and aromatic properties of the oil. This labor intensive production method produces a distinctive olive oil of superb quality.

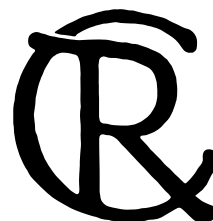

**Olive Varietals:** Koroneiki

**Oleic Acidity:** 0.51%

## TRADITION

Biolea is a fifth generation family owned company based in Astrikas, Kolymbari, in the Chania Prefecture on Northwestern Crete, Greece.

The company is based on principles of self-reliance, innovation and environmental consciousness. Their mission is to support and preserve tradition and promote sustainability on the island of Crete. They are currently involved in a project that uses extracted olive pomace as fuel to drive a steam power generator to provide them with electrical power.
