## SENSORY PROFILE

Made from pure sesame seeds, this creamy paste is delightfully versatile. Kamā purchases high-quality seeds hulled and thoroughly cleaned, and then grinds them with a machine that mimics the ancient stone-grinding method. Best with lemon as a dip, or in hummus, or drizzled with date molasses for a treat. Tahiniyeh should be stored in dry storage at room temperature before opening, and refrigerated after opening.

## INGREDIENTS

100% ground sesame seeds

## TRADITION

Kamā was founded with the mission to empower, and give employment, to local Jordanian women who transform high quality raw ingredients into Arab delights. Kamā celebrates hands-on food experiences, tradition, and seeks to create a space where people can gather around the “sufra”—no matter where you live.
