

# ZA'ATAR

kamā

**KAMĀ**

*Amman, Jordan*

## SENSORY PROFILE

A most ubiquitous Levantine spice blend, but with the highest quality ingredients. Handpicked, sundried, and ground thyme is at the heart of this zesty spice blend. A symbol of Levantine culture, use za'atar as an aromatic seasoning on meats, vegetables, and breads - or pair with olive oil. Za'atar should be stored in dry storage at room temperature before and after opening.

## TRADITION

Kamā was founded with the mission to empower, and give employment, to local Jordanian women who transform high quality raw ingredients into Arab and Levantine delights. Kamā celebrates hands-on food experiences, tradition, and seeks to create a space where people can gather around the "sufra"—no matter where you live.
