

# ARTISAN BLACKBERRY VINEGAR

ARTISAN VINEGAR  
COMPANY

ARTISAN VINEGAR COMPANY

*Cornwall, U.K.*

## PROFILE

This vinegar is made from 100% whole blackberries from southwest England. Artisan Vinegar Company takes the raw fruit, ferments it into a fruit wine, and then transforms that wine into vinegar using the same slow, natural process which they use to make their award-winning Artisan Malt Vinegar. Every drop is barrel-matured. Then it is drawn straight from the barrel – live, unfiltered, unpasteurized, unadulterated. They use absolutely no concentrates, extracts, flavorings, sulfites, colorings, or preservatives. Just tart fruity goodness! This vinegar is round and smooth. Try in salad dressings or with soda water and lemonade for a refreshing drink! This vinegar contains “the mother.”

## TRADITION

In 2008, Mark Natrass, owner of Tremayne Food and Drink, along with his wife Leonora, decided to try their hands at making Britain’s native vinegar–malt vinegar. After that line’s success, Mark - a longtime hobbyist with fermented products - began experimenting with making fruit and honey vinegars in the same artisanal way. All of these vinegars start as whole fruit or honey sourced from southwest England (and some from their own farm and orchards!). They are made into wine, cider or mead, and then transformed into vinegar. Just whole ingredients and expert fermenting methods (no infusing)! The vinegar is stored in the Old Nuclear Bunker, with meter-thick concrete walls, floors and ceilings – in Cornwall, just about the most temperate part of England (usually staying between 50 and 60 degrees). The Bunker has very little temperature variation, perfect for storing live vinegar.

RETAIL SIZE	250 ml
CASE	6 x 250 ml
ITEM NO	AMV200
UPC	5060100670454
